

SpartanPRO™ Zero Emission Wellpad

Partnering with our Customers in achieving Zero Methane Emissions

Bettis TorqPlus Linear, Multi-turn & Quarter Turn Electric Actuators

TorqPlus Linear:

- Compact Robust Linear Design
- Max Stroke 1" up to 2-1/4"
- Max Thrust 3800 LBS-Ft
- Max Speed 24 sec/1"

Applications:

- Choke Valves - Angle Body
- Level Control Valves / Dump Valves
 - Fisher D2 / D3 / D4 - 1" to 4"
- Back Pressure Control Valves
 - Fisher ET & HPT - 2" to 4"

TorqPlus Multi-turn & Quarter Turn:

- Torque 325 in-lb to 1600 in-lb
- 20 turn & 30 turn gear box for multi-turn
- Speed Sec / 90 ° - 2 sec to 30 sec

Applications:

- Wellhead, Sand Separator and Inlet Choke Valves

Key TorqPlus Features:

- 24 VDC & 115 VAC
- Modulating - high resolution digital positioner
- Solid State Motor drive, 100% duty cycle
- Low Power Consumption
- Weatherproof & Explosion Proof
